

# MIRZAMUROD RAHIMBERDIYEV

## Frontend Developer

+998946565706 • rahimberdiyevmirzamurod@gmail.com • Tashkent, Uzbekistan 100004

### PROFESSIONAL SUMMARY

As a Frontend Developer with 3+ years of experience, I build modern, stable, and high-performance web applications based on the React and Next.js ecosystem. I have strong proficiency in TypeScript, JavaScript, Redux Toolkit, Tailwind, and MUI. I have hands-on experience developing e-commerce platforms, admin panels, CRM systems, and analytical dashboards. In my projects, I regularly work on custom UI component generation, API integrations, page speed optimization, and overall performance improvements. I collaborate effectively in a team, maintain high code quality and stability, and consistently meet deadlines.

### WEBSITES, PORTFOLIOS, PROFILES

### SKILLS

Programming & Debugging	Web Development
Database Management	API Integration
Version Control	Team Collaboration
Critical Thinking	Communication
Time Management	Adaptability

### WORK HISTORY

Jun 2025 - Jul 2025 Tashkent, Uzbekistan	<b>Frontend Developer</b> / AOBA (hippo.uz) <ul style="list-style-type: none"><li>• Developed the UI part of a POS system designed for cash register devices, creating core screens such as menu management, product management, sales window, and receipt-generation flows.</li><li>• Integrated barcode scanner logic into the frontend — including automatic product detection, error handling, and fast response functionality.</li><li>• Worked with APIs by connecting endpoints related to products, sales history, and receipts to the frontend.</li></ul>
Mar 2022 - Oct 2025 USA (Remote)	<b>Frontend Developer</b> / Drensys <ul style="list-style-type: none"><li>• Developed complex, modular, and high-performance web applications using React and Next.js, writing stable and clean architecture code with JavaScript/TypeScript.</li><li>• Efficiently implemented state management using Redux Toolkit, creating well-structured, layer-based, and maintainable project architecture.</li></ul>

- Worked on core features for an online-school platform: student dashboards, lesson flow, payment sections, and profile management.
- Developed frontend functionality for mass email and SMS notification systems — including status tracking, message-sending logic, and UI/UX flows.

Oct 2021 - Mar 2022  
Tashkent, Uzbekistan

#### **Frontend Developer / Setapp**

- Developed practical skills working with React and React-Redux, and later fully adopted Redux Toolkit for state management.
- Participated in the development of a restaurant-focused POS (Point of Sale) system.
- Worked with API integrations: connected frontend with endpoints handling products and user data.

## **EDUCATION**

Jan 2021  
Tashkent, Uzbekistan

#### **No Degree in Web Full Stack**

Unitec School

Jun 2020  
Tashkent, Uzbekistan

#### **No Degree in Frontend Programming**

PDP

May 2020  
Tashkent, Uzbekistan

#### **High School Diploma**

Tashkent Technical School of Information Technology

## **TRAVEL, CODING**

### **Coding Experience**

- Developed multiple projects using React, Redux, JavaScript, and Node.js, gaining strong problem-solving and debugging skills.
- Built user interfaces, integrated APIs, and managed databases, demonstrating technical proficiency and attention to detail.
- Collaborated with team members on project delivery, showing teamwork, communication, and time management skills.

### **Travel Interests**

- Enthusiastic about exploring new cultures and environments in the future.
- Interested in learning from diverse experiences and improving adaptability and global perspective through travel.
